RETAIL LIST

GREETINGS FOR 1935

From Lone Tree Dahlia Gardens

It is with pleasure, I send you this 1935 price list, and wish to take this opportunity to thank all my many customers for their patronage in the past and hope to merit a share of it in the future.

During the past year, I have added many new dahlias and many new varieties to my other bulbs and plants.

I wish to call attention to my Dahlia Collections and am confident that you will find some to your liking. I, also, call attention to the free bulbs for your early orders.

May I have the pleasure of adding your name to my long list of satisfied customers?

Yours for better flowers,

Mrs. Cortis Ray

Member of American and Indiana Dahlia Societies

VISITORS ALWAYS WELCOME

An invitation is extended to you, to visit the gardens in bloom. Dahlia's best season is usually late September and early October. This is the best way to select bulbs for the next season. Farm located 1 mile south of Greensburg on State Road 29; then turn south 2½ miles on Millhousen Road.

INFORMATION

Guarantee — All bulbs and plants are State Inspected during the growing season and have been found free from disease. All shipments carry the inspection certificate. You are guaranteed to receive bulbs true to name and to be in good growing condition when received. Anything proving otherwise will be cheerfully replaced.

Upon arrival, place your bulbs in a pan of moist earth or sand until growth can be seen. Then transplant to the garden.

Orders are booked and filled in rotation with field grown roots. Shipments starting April 20 and continuing each day thereafter.

Early orders are solicited, for then the stock is complete. Later some varieties may be sold out, and rather than disappoint you, I will substitute another of equally as good or of better value, unless you state otherwise.

I grow many varieties in limited quantities, that are not listed. I might spare a few roots, so if interested in anything you do not find listed, write your wants. If interested in roots in larger quantity, prices will be quoted upon request.

TERMS

All orders are cash. They are sent post-paid and the minimum order is \$1. However if

your order is less than \$1, please add 10c for postage.

FREE BULBS FOR EARLY ORDERS

If your order amounts to \$3.00 or over and it is received before February 15, please select, FREE of charge, bulbs additional to the value of 25 per cent of your order. All those received before March 15, may select 20 per cent and those before April 15, may select 15 per cent at which time this offer ceases.

SPECIAL BULBS — To the first 50 orders received, I will add, a bulb of the new seedling — Hoosier Supreme — value \$1., absolutely FREE.

DAHLIA COLLECTIONS

Rainbow Collection — 24 Choice Mixed — \$1.00

Made up of choice varieties, many of them exhibition type, taken from a bin that contains the mixture in all colors and types but unlabeled as to name.
